Innovative button adjustment. 2 possible positions of the headband (top/low) for a better comfort. Electrical insulation. Fluor colors and retroreflective bands for high visibility day and night.

**MATERIALS:** ABS, Weight : 368 g

**COST:** 407 MUR + VAT

**ALSO AVAILABLE:** CHINSTRAP: 49 MUR + VAT

## Pheos IES helmet (requires pheos glasses)

**DESCRIPTION :**

IES ensures eyewear is always where it should be, Normally, when combining helmets and safety eyewear products, the position of eyewear always directly depends on that of the helmet shell. If the helmet unexpectedly shifts as a result of sudden movement, this inevitably means the visor moves, which can be dangerous as it changes light conditions. IES stands for Integrated Eyewear System and the name says it all: With this system, uvex pheos safety spectacles can be pushed up inside the uvex pheos helmet or pulled down to sit on the nose. The sliding element is jointed so that movement of the helmet does not impact the eyewear.

**ALSO AVAILABLE:** LEATHER CHINSTRAP: 100 MUR + VAT

## Pheos E helmet (also for use by electricians)

**DESCRIPTION :**

Suitable for use by electricians as helmet shell is fully closed. Adapter systems for uvex visors, uvex earmuffs and lamps with helmet attachment. Certified in accordance with EN 397 with the additional requirement: -30 °C = provides protection even in extremely low temperatures. MM = molten metal (splash). Certified in accordance with EN 50365 (1000 V AC). Conventional suspension harness for a comfortable fit

**COST:** 270 MUR + VAT

**ALSO AVAILABLE:** CHINSTRAP: 140 MUR + VAT

**ALSO AVAILABLE:** With rotating size adjuster

# HELMET

## Pheos Alpine
